The roads around Mount St. Helens

SR 504 is the state highway from Castle Rock. The forest roads reach recreation areas on the south and east sides, and their seasonal status can differ from the state highway.

SR 504 closure at milepost 45.2

SR 504, the Spirit Lake Memorial Highway, runs east from Castle Rock on I-5. As checked September 28, 2026, WSDOT closes it at the winter gate at milepost 45.2. A May 2023 slide destroyed the Spirit Lake Outlet Bridge farther east. WSDOT expects bridge work to finish in spring 2027, followed by Forest Service work at Johnston Ridge Observatory.

Ape Cave and Lava Canyon

On the south side, Forest Roads 90 and 83 lead toward Ape Cave and Lava Canyon. Ape Cave is on the 8303 spur. Road 83 above Marble Mountain Sno-Park has a winter gate. Check the Forest Service conditions page for road and recreation-site closures.

Windy Ridge

Forest Road 99 reaches Windy Ridge from Road 25 on the east side. Road 99 closes for winter.

Check both roads before choosing an approach.

Can I drive to Johnston Ridge Observatory?

As checked September 28, 2026, no. WSDOT lists the closure at milepost 45.2. Bridge construction is expected to finish in spring 2027, followed by Forest Service work at the observatory.

Notes

Live conditions

milecheckapp.com/mountains/sthelens/roads/

Cameras, closures and road reports from WSDOT and NIFC. This sheet was built September 30, 2026. Check the live page before you leave.

In the car

MileCheck shows your mile marker on SR 504 as you drive. The mile marker works without a signal. Camera images and alerts need a connection.

About this map

The numbered stops are a selection from OpenStreetMap along the roads this sheet is about. This map does not show every stop. Gates and seasonal closures are not drawn.
